Living Room BUDGET

To create your own personalized budget, begin by selecting your ideal price (from one of the two categories below). Then, total the selections to establish your own personalized estimated budget. We also recommend adding about 18-20% freight to this initial estimate, to account for potential overages & upgrades. Don't worry - we will always keep your bottom line in mind and are constantly on the lookout for the best available deals. However, we would like you to be prepared for potential overages and added costs. *Please note that these prices do NOT include labor & design service fees, and can vary depending on your selections & finishes.* Average window treatments are \$600+ per window and designer are \$1200+ per window. Wallpaper ranges from \$1000+ per room.
